

Enviro 21, Hastings

Enviro 21 is an £11m Business Park development with units ranging from 6,000 to 25,000 sq.ft.

The Business Park is a joint development between the Land Group and Hastings and Bexhill Renaissance Limited (a division of the South East England Development Agency). The development is targeting the highest level of environmental sustainability with the units incorporating green technologies including solar panels, wood burning and wind generated power.

Ash Corporate Finance arranged finance for the project, which included loans from Allied Irish Bank and Grant funding.

Construction has been undertaken by Fitzpatrick Contractors Limited.
