

Private Finance Initiative

Maidstone Hospital Laundry

Working in partnership with The Maidstone and Tunbridge Wells NHS Trust Ash Corporate Finance developed an innovative finance package to provide a fully fitted laundry facility, utilising a mix of new, refurbished and relocated equipment.

An old property was acquired in a poor state of repair and extensively refurbished, re-clad and extended to provide some 25,900 sqft of modern industrial accommodation to the Trust's required layout.

Finance for the scheme has been arranged by Ash Corporate Finance with the Bank of Scotland. Neilson Project Services completed the projects complex Project Management.
